

performance of medical, surgical, dental or related functions by any commissioned officer or employee of the PHS while acting within the scope of his office or employment shall be exclusive of any other civil action or proceeding. The Federally Supported Health Centers Assistance Act of 1992 (Public Law 102-501) provides that, subject to its provisions, certain entities and officers, employees and contractors of entities shall be deemed to be employees of the PHS within exclusive remedy provision of section 224 (a).

The final rule implementing Public Law 102-501 was published in the Federal Register (60 FR 22530) on May 8, 1995, and adds a new Part 6 to 42 CFR Chapter 1. Part 6 describes the eligible entities and the covered individuals who are within the scope of the FTCA protection afforded by the Act.

Section 6.6 of the final rule describes the acts and omissions that are covered by the Act. Paragraph (d) of that section states that only acts and omissions related to the grant-supported activity of covered entities are covered. That paragraph goes on to provide that:

Acts and omissions related to services provided to individuals who are not patients of a covered entity will be covered only if the Secretary determines that

(1) The provision of the services to such individuals benefits patients of the entity and general populations that could be served by the entity through community-wide intervention efforts within the communities served by such entity;

(2) The provision of the services to such individuals facilitates the provision of services to patients of the entity; or

(3) Such services are otherwise required to be provided to such individuals under an employment contract or similar arrangement between the entity and the covered individual.

Paragraph (e) of 6.6 provides examples of situations within the scope of paragraph (d). Questions have been raised, however, about the specific situations encompassed by 6.6(d) and about the process for the Secretary to make the determinations provided by that paragraph. The purpose of this notice is to address those questions.

We have decided that it would be impractical and burdensome to require a separate application and determination of coverage for the situations described in the examples set forth in 6.6(e). Accordingly, for the specific cases described in those examples, and discussed further below, the Department hereby determines that

coverage is provided under 6.6(d), without the need for specific application. (This determination assumes, of course, that other requirements of coverage have been met, such as a determination that the entity is a covered entity and a determination that the individual is a covered individual. Furthermore, we reiterate the statement in the preamble to the final rule that acts or omissions by individuals that are not within the scope of employment, e.g., moonlighting activities, are not covered.)

While the situations described below have hereby been determined to be within the scope of 6.6(d), covered entities may apply for specific determinations of coverage under that section. If, for example, the covered entity is unsure whether its particular arrangement falls within the scope of example 2, it may apply for a particularized determination as to that arrangement. Entities should be painstakingly exact in this regard. If any element of the activity or arrangement in question does not fit squarely into the examples below, a particularized determination on coverage should be sought. As to situations that may fall within the scope of 6.6(d), but are not described in the three examples, covered entities are expected to apply for particularized determinations.

Example I. Community-Wide Interventions

(a) School-Based Clinics: Health center staff provide primary and preventive health care services at a facility located in a school or on school grounds. The health center has a written affiliation agreement with the school.

(b) School-Linked Clinics: Health center staff provide primary and preventive health care services, at a site not located on school grounds, to students of one or more schools. The health center has a written affiliation agreement with each school.

(c) Health Fairs: Health center staff conduct an event to attract community members for purposes of performing health assessments. Such events may be held in the health center, outside on its grounds, or elsewhere in the community.

(d) Immunization Campaign: Health center staff conduct an event to immunize children against infectious childhood illnesses. The event may be held at the health center, schools, or elsewhere in the community.

(e) Migrant Camp Outreach: Health center staff travel to a migrant farmworker residence camp to conduct intake screening to determine those in need of clinic services (which may

mean health care is provided at the time of such intake activity or during subsequent clinic staff visits to the camp).

(f) Homeless Outreach: Health center staff travel to a shelter for homeless persons, or a street location where homeless persons congregate, to conduct intake screening to determine those in need of clinic services (which may mean health care is provided at the time of such intake activity or during subsequent clinic staff visits to that location).

Example II. Hospital-Related Activities

Periodic hospital call or hospital emergency room coverage, as required by the hospital as a condition for obtaining hospital admitting privileges. There must also be documentation for the particular health care provider that this coverage is a condition of employment at the health center.

Example III. Coverage-Related Activities

As part of a health center's arrangement with local community providers for after-hours coverage of its patients, the health center's providers are required by their employment contract to provide periodic or occasional cross-coverage for patients of these providers.

Notice of Realty Action; Direct Sale of Public Land, Tuolumne County, CA

AGENCY: Dept. of the Interior, Bureau of Land Management.

REALTY ACTION: Direct sale of public land, Tuolumne County, CA-35242.

SUMMARY: The following described public land (surface and mineral) is being considered for direct sale pursuant to Sections 203 and 209 of the Federal Land Policy and Management Act of October 21, 1976 (43 U.S.C. 1713 and 1719):

Tuolumne County, California

T. 2 N., R. 14 E., M.D.N.

Sec. 24: lots 13, and 14.

Containing 1.85 acres, more or less.

The above-described parcels of public land would be sold to Mrs. Carrie Carter through a direct land sale at fair market value. An additional \$50.00 non-returnable mineral conveyance processing fee would be required. The disposal of this land will resolve a longstanding trespass issue.

The parcels would be transferred subject to a reservation to the United States for a right-of-way for ditches and canals. The transfer of land would also be subject to rights-of-way granted to Tuolumne County Water Agency (CA-3196) and Pacific Bell (S-047590). All necessary clearances including clearances for archaeology and for rare plants and animals would be completed prior to any conveyance of title by the U.S.

The above described lands are hereby segregated from settlement, location and entry under the public land laws and the mining laws for a period of 270 days from the date of publication of this notice in the Federal Register.

ADDRESSES: Interested parties may submit comments to the District Manager, c/o Folsom Resource Area Manager, 63 Natoma Street, Folsom, California 95630. Comments must be received within 45 days from date of publication of this notice in the Federal Register.
